## GRILLING OF RADICAL MAY UNEARTH PLOT

### SHIPMENTS OF DYNAMITE ARE BEING TRACED

Climax Of Terror Feared By Police Officials Following Report.

SUSPECT QUESTIONED

Arrest Of Man In Pittsburgh Monday May Establish Clew.

Columbus, Ohio, Oct. 5.—Flor-  
ian Zelenska, arrested in Pitts-  
burgh with a quantity of dynamite,  
was suspected by Columbus police  
today to having obtained that  
dynamite in Columbus, Sept.  
21. Fuses and 55 pounds of dynamite  
were stolen from the Callahan  
Construction Company on that date.

Pittsburgh, Pa., Oct. 5.—While the  
federal authorities have been unable  
to connect Florian Zelenska directly  
with the Wall street bomb blast in  
New York City, he is being continuously  
grilled in an effort to throw  
light upon extremist activities, particularly  
the sources from which mal-  
contents secured explosives.

Zelenska is held in the custody of  
Department of Justice agents and it  
was declared that it may be some time  
before they consent to turn him over  
to the New York police, who have  
made a request for him.

Transportation of considerable  
high percentage dynamite by Florian  
Zelenska and destined for some point  
in Brooklyn is taken as but a link in  
the chain of proposed explosions, ac-  
cording to the government agents.  
Zelenska who was arrested here Sunday  
night with the dynamite in his pos-  
session is being held without bail  
and it was said today his detention  
here would continue while his con-  
nections and past activities are being  
checked up.

Serious View.

Late yesterday it was believed that  
he was but a more or less harmless  
crank but today government agents  
take a more serious view. When it  
is claimed that no direct evidence has  
been found to connect him with the  
Wall street explosion, yet it is said  
that promising leads in other direc-  
tions have been obtained and such im-  
portance is attached to them. They  
are being followed with haste, it is  
reported.

New York police are insistent that  
Zelenska be turned over to them for a  
grilling but the federal authorities  
have not consented and it is  
doubtful if he will be permitted to  
leave Pittsburgh for a while.

Detectives from headquarters here  
are attempting to find a store where  
Zelenska is said to have purchased a  
trunk in which to ship dynamite to  
Brooklyn. The purchase is said to  
have been made by Zelenska on a  
previous visit here and is being fol-  
lowed as having a possible connection  
with the Wall street blast. It was  
held by some that the dosh wagon  
carried a trunkful of explosives.

## OVER ONE MILLION GIVEN TO CHARITY BY SCHIFF'S WILL

Bequest Of \$25,000 Given Orphan Asylum In Germany.

New York, Oct. 5.—Charitable be-  
quests of approximately \$1,350,000  
were made by Jacob H. Schiff, banker  
and philanthropist, who died last  
week.

His will, filed yesterday, in Surro-  
gate's court, leaves the remainder of  
the estate to be shared equally by his  
son and daughter, Mortimer L. Schiff,  
of Oyster Bay, and Mrs. Frieda War-  
burg.

The widow was "amply provided for  
outside the will," and in a separate  
document. Provision also was made  
for Mr. Schiff's personal employees and  
the employees of Kuhn, Loeb & Co.,  
the banking firm of which he was the  
senior member, according to counsel  
for the executors.

No appraisal of the actual value of  
the estate is possible at this time, and  
it was said this probably would be de-  
termined only when the State Comptroller  
fixes the transfer tax. In the  
petition filed with the will, only the  
legal requirement of "more than \$10,  
000 in real and personal property" was  
mentioned.

One of the bequests of the banker  
and philanthropist was \$25,000 to the  
Jewish Orphan Asylum of Frankfurt-  
on-Main, Germany, Mr. Schiff's birth  
place.

## SENATOR BORAH WIRES HARDING: DENIES REPORT

Personal Assurance Is Given That He Is Still In Fight.

TALKS ON LEAGUE

Harding In Address at Des Moines Will Deal With Issue.

Marion, O., Oct. 5.—Senator Warren G. Harding has received personal assurance from Senator William E. Borah, one of the peace treaty ir-  
reconcilables, that he has not withdrawn  
from active participation in the cam-  
paign, as widely reported.

Senator Harding today made public a  
telegram received from the Idaho  
senator in which he said he would con-  
tinue to work for Harding's election and  
the league's defeat in his "own way."

The telegram to Senator Harding  
said:

"In view of reports, I wish you to  
know my speeches in future will be  
along the same line as at Dayton and  
in the senate. I want to see you win  
and I want to see league scheme de-  
feated. In my own way I shall devote  
my time to the achievement of both  
propositions.

(Signed) "William E. Borah."

Quits Rumors.

At Harding headquarters here today  
it was stated that this telegram, to-  
gether with Hiram Johnson's utter-  
ances in California, effectually put at  
rest the widely circulated reports that  
the two senators had forsaken the  
Harding cause because of dissatisfaction  
with Harding's attitude on the  
league of nations issue.

In this connection, Senator Harding  
will at Des Moines on next Thursday  
deal with some aspects of the league  
issue, as raised by President Wilson in  
his White House statement of yester-  
day. Asked today to comment on the  
president's statement, Senator Harding  
said:

"I shall have nothing to say touch-  
ing on the League of Nations until my  
Des Moines speech on Thursday,  
when I expect to devote some atten-  
tion to the matter."

Today was an off day on the Hard-  
ing schedule and the senator planned  
to devote most of it to preparing the  
speeches he will make on his western  
trip which starts tomorrow.

It is planned to leave Marion Wed-  
nesday forenoon, getting in Chicago  
late in the afternoon and leaving  
there the same night for Des Moines.  
Senator Harding will speak in Omaha  
Thursday night, Kansas City Fri-  
day night and in Oklahoma City on  
Saturday night, returning to Marion  
from the latter place.

## OHIO POPULATION INCREASE ESTIMATED AT ONE MILLION

Greene County Figures Missing From U. S. Records.

Washington, Oct. 5.—Ohio gained  
approximately 1,000,000 in population  
during the decade from 1910 to 1920.  
The census totals, to be announced  
within a few days, probably will show  
the state's population to be approxi-  
mately 5,757,461, as compared with  
4,767,121 in 1910, an increase of 20.8  
percent.

With but one county missing today,  
Ohio's total under the new census  
stands at 5,727,728. The missing  
county, Greene, in 1910 had a popula-  
tion of 29,733, and it is expected that  
its 1920 total will show but a relative  
slight change. As indicated a few  
weeks ago, the big gains in population  
have been in the counties having the  
large industrial centers. Almost  
without exception, agricultural coun-  
ties such as Greene have stood still  
or fallen off slightly in the number of  
inhabitants.

On the present basis of apportion-  
ment, under which the law allows one  
representative in Congress for each  
211,000 population or "major portion  
thereof," the Ohio General Assembly  
next January will face the task of  
redistricting the state in order to pro-  
vide berths for the five new members  
to which the state will be entitled.

Cuyahoga County is certain to have  
one more Representative, with the  
probability that a fraction of its popu-  
lation will be used to form another  
district, as at present.

Hamilton County did not gain  
enough for an additional Representa-  
tive, but its excess probably will go  
toward the formation of a third dis-  
trict.

Montgomery and Summit Counties,  
each now forming parts of congressional  
districts, have grown sufficiently  
that each will be entitled to a Rep-  
resentative of its own. The two other  
additional districts will be formed  
out of combinations of the 85 other  
counties.

## MILITARY RAIDS CARRIED OUT; SINN FEINERS VICTIMS

Two Civilians Are Reported Killed In Fighting.

Dublin, Oct. 5.—A number of  
military raids against property of  
Sinn Feiners were carried out here  
early today. The homes of Dr. Kath-  
leen Lynn and Mrs. Sheehy Skeffington,  
at Rathfarnham, a suburb, were  
raided.

Two civilians were reported to  
have been killed by troops at Cullen  
and Tipperary for refusing to obey  
sentries orders to halt.

Widespread damage was done at  
Ballinacorney in a "black and tan" po-  
lice raid in reprisal for an ineffectual  
attack upon the French park bar-  
racks.

## ASSEMBLY MEETS

Youngstown, Ohio, Oct. 5.—The  
91st annual assembly of the Grand  
council of Royal and Select Masons  
of Ohio convened this afternoon with  
delegates representing 118 subordi-  
nate councils present.

## BROTHERS MEET IN WORLD'S SERIES

For the first time in the history of baseball, two brothers will oppose each other in the coming world's series. They are Jimmie Johnston, third baseman and all-around player of the Brooklyn Dodgers, and "Doc" Johnston, the hard-hitting first baseman of the Cleveland Indians. "Doc" leads his brother in batting but Jimmie is a far better fielder. The playing of the two brothers will probably be watched more closely by the fans than any of the other contestants.

Ebbets Field, Brooklyn, N. Y., Oct. 5.—The slashing of ash to leather in the second and fourth frames of the initial World Series conflict between Brooklyn and Cleveland here today, spelled the retirement of "Rube" Marquard and the defeat of the National League Champs by the score of 3-1.

The "Rube" retired the Indians without a struggle in the first stanza of the big time contest, but Tris Speaker's combination of hit manufactory chased two runs across the platter in the second verse, with a succession of hits. The third frame was scoreless but the Indians added another counter in the fourth session and sewed up the fracs.

Coveleskie occupied the kopie for the Ohio champs and the big Pole was never in danger but once. He turned in a remarkable exhibition of mound work, retiring the Easterners with very little effort in every inning but the seventh, when the Dodgers annexed their one run. Only 5 hits were scored off his delivery.

In the meantime, "Rube" Marquard was having his troubles in bundles. The Indians' two runs in the second frame and their score in the fourth, scared Wilbert Robinson and when the "Rube" showed signs of weakening in the sixth he was re-  
placed by the veteran Leon Cadore in the eighth stanza.

Mamaux was not touched seriously by the Indian offensive during his period on the hillock, but in a final effort to even the count Robinson began using pinch-hitters, which gave Cadore the chance to face the American League champs in the final frame.

Despite the early scoring, the game was a remarkable pitcher's battle, each side securing but five hits. One error, committed by the Dodgers and the only error of the game, helped decide the first game of the season in favor of the American League winners. They will go into the balance of the world series conflicts with a one run edge and favorites in the betting.

The game was played before an attendance crowd of 25,244 rabid fans who packed and jammed themselves into the enclosure. The day was clear but slightly cool, but the weather was withal excellent for a championship contest.

## OPEN WAR DECLARED ON TOLEDO PROFITEERS

### Alleged Profiteering In Rents Made Subject Of Investigation.

Toledo, O., Oct. 5.—Believing that Toledo landlords are unmercifully gouging their tenants, on the advice of certain real estate dealers, the Lucas county fair price commission has decided to conduct an active war fare on alleged rent profiteers.

First steps in this direction were taken today when three of the largest real estate firms here were summoned to be present at the meeting of the commission Friday to tell why they have jumped rents of places they handle for clients from 80 to 175 percent within the last eight months and to explain why they have been advising tenants to pay no attention to the fair price commission.

The case of Miss Mary Calkins, manager of the Skotwood Realty Company, will be turned over to the federal authorities for prosecution it was announced today. She declined to appear before the commission unless advised by her attorney.

The George B. Ricaby Company, E. H. Close Company and Gould Realty Company are first on the commission's list for a thorough probe.

A half dozen landlords were ordered to cut their rents yesterday. Mrs. Harriett Garrison, who was ordered to cut rents on her apartments \$5.00 per week, told the commission yesterday she would comply with their order.

## COX SPENDS QUIET DAY IN PREPARATION FOR ANOTHER TOUR

Governor Receives Reports Of Added Strength To Party.

Dayton, O., Oct. 5.—With confidence of success increased as a result of the conference last night with National Chairman George White and Ed H. Moore, Gov. James M. Cox planned to spend the day quietly at Trailsend recuperating from his western tour in preparation for another strenuous stumping trip which is scheduled to begin Wednesday morning.

Reports to the Governor from all sources are the same, namely that the past two weeks there has been a decided swing in sentiment toward the Democratic candidates. He was not surprised to hear of the declaration of Senator Borah at Danbury last night against any league or association whatsoever, and expects sooner or later that both Borah and Johnson will definitely split with the Republican candidate.

## GREAT ORATORICAL CONTEST LAUNCHED BY DEMOCRATS AGAINST REPUBLICANS

### President Wilson To Lead One Part Of Campaign.

Washington, Oct. 5.—Democracy's final drive against the forces of the G. O. P. planned as one of the greatest oratorical onsets ever launched by one political party against another in the history of this country's presidential campaigns, is scheduled to get under way this week according to word received by Democratic leaders here today.

President Wilson whose strategy includes coming late on the battlefield, will lead one division of the army, issuing at moments by him deemed favorable pronouncements having to do with the league of nations between times acting as a sort of self adviser to those called upon to defend the treaty of Versailles.

More than five hundred orators scattered throughout the United States took to the hustings yesterday and others will join each day until the balloting commences, according to the reports received here from Senator at Harrison in charge of this phase of Gov. Cox's campaign. One hundred speakers are now campaigning in the state of Ohio alone. Another hundred are at work in Indiana. There will be more in those states next week, party leaders assert "when the fight really gets under way."

His wife watched him from her home. As Wegin turned to wave he lost his footing. He fell under the wheels, both legs being cut off. He died in the city hospital.

## CORN CROP ABOUT TWO WEEKS LATE

The corn crop in this section is about two weeks late. A small frost early in the season, delayed the crop, killing off the corn low in the round, but fortunately did little damage to the upland corn.

In the opinion of County Agent S. Prince the corn crop is farther along than the crops of the last two seasons have been, and if the farmers will select their seed and try it out properly there will be little doubt of this year's crop success, he says.

Many remember the near failure of the nineteen-seventeen spring crop, which was due to the spring frosts and the severe winter preceding.

## OYSTER SEASON IS NOW UNDER WAY

Those who dread the thought of winter, may have a sad reminder of the dread season being eminent for the oyster season is open.

This particular delectable article of food may be had at the Xenia grocers for the price of seventy-five cents a quart and forty cents a half pint. This price varies little from last year's prices and makes oysters a bit.

## BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair, when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

**19 Eggs A Day From 23 Hens, In Winter**  
Mr. Duni's Hens Increased Every Day. Plan is Easily Tried.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got 4 to 5 eggs a day; in three weeks, we were getting 10 to 12 a day; in five weeks we got 15 eggs a day."—John Duni, Box 102, Cherry Valley, Pa.  
Mr. Duni started giving Don Sung in January, in zero weather. He now keeps his hens busy in winter when hens usually loaf. A trial costs nothing. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded. Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

Don Sung can be obtained promptly from your druggist or poultry remedy dealer, or send \$1.04 (includes war tax) for a package by mail prepaid. Burdell-Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.

THIS IS THE BIRTHDAY OF RUTHERFORD HAYES  
October 4th, 1822

The nineteenth President of the United States, Rutherford Birchard Hayes, was born at Delaware, Ohio, on the 4th of October, 1822. He was educated in the public schools, graduated from Kenyon College, Ohio and then from the Law School of Harvard. Politics interested him but up to the breaking out of the Civil War he had not attained any prominence. He was appointed major of an Ohio regiment and so distinguished himself during the war that he became a major-general, while away on active service he became so popular that he was elected a member of the House of Representatives and took his seat at the close of the war.

He then became governor of Ohio, and his speeches on reconstruction after the war and his "Sound-money Campaign," attracted the nation and marked him out as a Presidential

### Scotch Folks Prevent Hay Fever With Wonderful Catarrh Prescription

Prominent doctors in Scotland be-lieve they have discovered a simple way to prevent hay fever and at the same time put an end to colds and clean up catarrhal discharges.

Then breathe deeply of the pleasant type, strong, antiseptic, air thus created. It is so quickly penetrating that a few breaths will quickly soothe and heal the deli-cate, sensitive membrane.

American pharmacists are now dispensing Haelanol in small vials and Sohn's Drug Store, who sells lots of both sizes at 50 cents and \$1.25 per bottle, says it has proved very suc-cessful. The Haelanol Company, Inc., Rochester, N. Y.

She avers that the defendant sought to secure a forfeiture of the contract, and that he refused to call at her home for the payments after he had been re-quested to do so, although he knew that she was physically unable to leave the house. She says that she has placed on deposit with the clerk of the courts, \$285.83, constituting the last payment and the June 1921 taxes, which she asks the court to cause the defendant to accept and to compel him to give her a deed for the premises.

## ADMINISTRATION TO WORK FOR LEAGUE NOT FOR GOVERNOR

Washington, Oct. 5.—Administration leaders met here and are said to have decided that henceforth the cam-paign waged by them should be aimed at vindication of the league rather than at the election of Governor James M. Cox.

It was stated that President Wil-son did not start upon his statement until Governor Cox, in an address at Pittsburg, Kan., declared that, if elect-ed, he would "sit down with the Sen-ate and agree upon any reservations that would clarify or reassure the treaty."

Homer S. Cummings, former Demo-cratic National Committee Chairman, is said to have presided at the alleged Administration caucus. Among those said to have been present were Joseph P. Tumulty, secretary to President Wilson; Attorney-General Mitchell Palmer; Ray Baker, Director of the Mint; J. Bruce Kremer of Montana vice chairman of the National Com-mittee, and I. B. Dockweiler, Cali-fornia National Committeeman.

## BROOKLYN BASEBALL FANS SPEND NIGHT AT BALL PARK TO GET CHOICE SEATS

New York, Oct. 5.—At an early hour this morning Charles H. Ebbets, the good, gray squire of Flatbush, looked out of an office window at Eb-bets field, where he had been toiling through the night to accommodate be-lated applicants for reserved seats.

The squire was looking for favor-able weather signs, but what his gaze encountered was a thin line of huddled forms extending down Cedar Place to the bleacher entrance. The inevitable early birds were even then forming for an assault that was not to take place until eight or ten hours later.

Several young men claimed the dis-tinction of being the first to knock at the Ebbets field portals for general admission to the opening game of the world's series between the Brooklyn and Cleveland teams today. They were all anxious to give their names and addresses and stand for flashlight photographs. One, who carried a camp chair, said he was the first in line. But during an unguarded and sleepy moment he was dispossessed and woke up to find himself in the middle of the street.

Activities within did not cease un-till long after the walls of Ebbets field were banked with sleepy fans who held tickets for general admission to the \$1 and \$2 seats. Many of these same fans had stood in line for hours yesterday awaiting their turn to pur-chase general admission tickets. This year there is to be no ticket hand out at the box office on the day of the game, but as purchasers of the field seats will be accommodated on the "first come, first served" plan, those anxious to grab choice locations when the gates opened lined up hours before the scheduled time for the ticket tak-ers to go on duty.

Four years ago in Brooklyn five hundred men and boys slept under the bleacher ticket windows all night to be the first in line to buy tickets. They had the tickets last night, but those who wanted the front seats back of the outfield imposed the long night vigil on themselves. Somehow a New York or Brooklyn fan prefers discomfort to the prospect of not being first in or first out of affairs like these.

Brooklyn began to purr with world's series activities yesterday. When the Robins arrived one by one at Ebbets field in their motor cars or on foot, there were crowds hanging around to cheer them. Downtown at the hotel Clarendon, baseball writ-ers from all major league cities gath-ered to pick up their press tickets and discuss the series. All day long fans bobbed in and out of the office gate at Ebbets field to claim reservations and prospective purchasers of bleacher seats milled around in the streets be-fore ticket windows. The supply of general admission seats—there are only about 7,000 of them—was ex-hausted by midday, but that did not prevent prospective customers from straggling up to the window with plaintive requests for the coveted "ducats." The Brooklyn players as-sembled for their preliminary work-out late in the morning.

As each of the favorites arrived he was recognized by the sharp-eyed boys hanging around the entrances. Ruben Marcuard drove up in a big limousine accompanied by Ed Pfeiffer and Manager Robinson. Burleigh Grimes, who was another strong pub-lic choice to open the series, worked

out before noon with Otto Miller. The Brooklyn players took advan-tage of the splendid weather to get up a good sweat and they showed a few spectators some fast work. Some of them remained in clubhouse until late in the afternoon. Others got away early and drove out to Jamaica to see the races. Despite the fact that the American league champions have been made favorites in what little betting there is the Dodgers are quite con-fident.

## THREE BASEBALL MANAGERS APPEAR BEFORE GRAND JURY

"Kid" Gleason Will Be Questioned Concern-ing Chicago.

Chicago, Oct. 5.—Managers of the three major league baseball teams are expected to go before the grand jury here today when it resumes its probe into baseball dishonesty.

"Kid" Gleason, manager of the White Sox will be questioned concern-ing reports that players under his supervision have been involved in crooked playing on the diamond dur-ing the season just closed.

John McGraw, of the New York Giants will appear and will bring with him Fred Toney, Benny Kauff and Art Fletcher, shortstop of the Phillies, but formerly a Giant player. Toney, Kauff and Fletcher are expected to tell the grand jury regarding offers said to have been made to them to "throw" ball games for the benefit of gamblers. Hugh Jennings, of the Detroit Tigers, will be asked concerning gambling on baseball in Detroit, where much money is said to have been war-dered on a recent game between the Chicago Cubs and Philadelphia. It is said the "tip" was out that Phil-adelphia was to win.

## WHICH SHALL BE FIRST, THE AMERICAN CONSTITUTION OR THE LEAGUE OF NATIONS?

Once more the league of nations has forged to the front as the real issue of the campaign. "Slush funds" and other side issues, temporarily brought to the front, have had their turn in the spotlight and passed on. The people on voting day will be clearly called on to decide whether the country should "go in" with Cox or stay out with Harding. In Idaho, Utah and California, the home states of Senators Borah, Smoot and Johnson, Republican opponents of the league, Cox emphasized his support of the league and took occasion to assail the "senate oligarchy" responsible for its rejection. At the same time Harding made his opposition to the league more pronounced, and sounded out more emphatically than ever his slogan of "American first." On Constitution Day, September 17, the senator addressed about 5000, the largest audience yet assembled at Marion, and he made his longest speech. He asked the question: "Which shall it be—the constitution of the United States or the covenant of the league of nations as proposed by President Wilson?" Giving his own answer to the question he said: "Before entering on the execution of my office, if you elect me to be your president, I shall be required solemnly to swear that I will to the best of my ability preserve, protect and defend the constitution of the United States. I take that oath now, my countrymen." Praising the constitution, Senator Harding said it had been the model of every constitution since formulated by civilized people. It was produced in six months, he said, to meet an impending crisis, but it was so soundly conceived and so masterfully framed that its provisions fully meet the actual governmental needs of 120,000,000 of people 133 years after the event. "It provides for a free government of free men," he said. "Under it there is freedom of thought and expression, freedom of worship, freedom of action within the law and the rights of others. Under it there is no reason for revolt, no necessity to resort to violence." The senator declared that the constitution had not failed America in all these years, and that America had not failed the world. "Can any American wonder," he asked, "that members of the senate in complying with their solemn oath of office insisted upon safe-guarding America when the president proposed to submerge our nationality in a super-government of the world?"

## CLEVELAND FAIR PRICE COMMISSION GETS AFTER THE RENT GOUGERS.

An effective curb on rent profiteering has been worked out by a special committee of the fair-price commission for Cleveland and Cuyahoga county. This effort has received the support of business leaders and executives of the industries. The check in rent increases came at a time when many landlords had started another cycle of advances, resulting in new wage demands by workers.

The commission and those who are co-operating with it have recognized as a fair rental basis 10 per cent of the purchase price of property or of its true valuation. It has been found that some rents are far beyond this basis.

The same process of calling loans on stored supplies of sugar, put into effect by the local fair-price commission, effectively broke the sugar market. In getting the different interests to work with the commission in a co-operative effort for the general benefit of the community, the commission also has been successful in reducing food and clothing prices.

Another lever over profiteering landlords has been the valuation placed on property for taxation. The commission has recognized the 10 per cent rule in this respect also. Landlords against whom complaints are filed have been given the alternative of reducing rents to a fair basis or having their property placed on the tax duplicate at ten times the amount of the annual rental which they are asking. In this part of the work county officials are co-operating.

These same plans are also effective in opening up for rental new homes built for speculation and held vacant until sold. Loans on such properties, under the circumstances, are not regarded as helpful to the community, when the commission estimates that there is a minimum shortage of 9000 homes in the city and main suburbs.

The work of Cleveland's rent committee has attracted national attention and several communities have sent representatives to study its operations.

## ROOSEVELT'S WIDOW APPEALS TO VOTERS TO ELECT HARDING.

Mrs. Edith Kermit Roosevelt, widow of former President Theodore Roosevelt, Thursday appealed to the "manhood and womanhood of America" to elect Senator Harding and Governor Coolidge, Republican presidential and vice presidential candidates.

In a statement dated at Sagamore Hill, Oyster Bay, and given out by the Republican national committee, Mrs. Roosevelt said:

"The country's vital need is the election of the Republican candidates, Warren G. Harding and Calvin Coolidge. Only will the full measure of Americanism in the next administration be attained, if the people shall declare for the party which holds true nationalism as its high ideal. It is not necessary to forget our duty to our neighbor in doing our duty at home.

"The time appeals most strongly to the manhood and the womanhood of America—to woman more than ever before, because to her has come the perfected opportunity to make her influence weighty in behalf of the nation.

"This year as never before, with world conditions as they are, steadiness and staunchness of America purpose are obligatory if we would first bring back our country to its stable place and then by strong endeavor do all that can be done for peace and the general welfare in all lands."

The judge who refused a divorce petition on the grounds that the couple had been married 40 years, evidently believes that having survived that long they ought to be more or less accustomed to each other.

We suppose, in the centuries to come when relationship has been established between the planets, the question of a league of worlds will be as much of an issue in political campaigns as the league of nations is today.

With Christmas less than three months in the distance General Doo Itt Early can be expected to start his annual campaign of, "only so many days to do your shopping."

He is a spitball pitcher.

## HOUSE OF HAPSBURG.

The princes of the Hapsburg line in camp and court now cut no ice; they have to fast while others dine, their stand-off's bad, they lack the price. Some eighty duchesses and dukes now stand around with frigid feet; their titles now seem empty flukes since they can't get enough to eat. They send to us the warning cry, from roofless castles where they lurk, "Unless the ravens bring us pie, we gravely fear we'll have to work." With noble courage thus they face a future fraught with dread and fears, these scions of a kingly race that loafed for quite a thousand years. Far better face the headsman's ax than be a laundress or a clerk, but proudly they'll get down to tasks, and if they must, why, they will work. Their landmarks are forever gone, their world is jostled upside down, and some cheap uncle has in pawn the jeweled sceptre and the crown. Too proud to seek the craven's doom by means of rope or gun or dirk, they cry, amid the encircling gloom, "Just lead us to the honest work." And if for honest work they look, they will not need to travel far; I'd take a duchess as my cook, and hire a duke to run my car.

## DAYTON TEST PILOT KILLED AS PLANE FALLS 200 FEET

Master Sergeant Strong B. MaDen, test pilot at McCook field, Dayton, died at 4:30 o'clock Monday afternoon in the field hospital, three hours after he had fallen 200 feet in a Sopwith "Camel" plane.

The accident occurred shortly after one o'clock and fifteen minutes after the pilot had taken the air. The fall took place at the south-west end of the field, when in making a sharp turn he slackened his plane to dangerously slow speed, the machine almost turning over and spinning to the ground. Frantic efforts of the pilot to right the plane were unavailing.

MaDen was rushed to the field hospital, unconscious and it was found his skull was fractured and a leg broken. Friends of the pilot who had been chatting with him a few minutes before, witnessed the tragedy. MaDen was 27 years old and served overseas as chief instructor of pursuit pilots. He was considered an efficient flyer.

## WHY SUFFER SO?

Why suffer from a bad attack from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Xenia people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

Mrs. David Pohl, 751 W. Second St., Xenia, says: "Doan's Kidney Pills cured me of kidney trouble and I am glad to recommend them. I suffered with lameness in my back quite often, but the most trouble came from bladder disorder and I was annoyed by the way my kidneys acted. When I got up I felt tired and drowsy and it seemed as if I never could get enough rest. Doan's Kidney Pills, which I got at Donges' Drug Store, helped me right away and two boxes cured me entirely. It has been some time since and I haven't been bothered that way at all."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Pohl had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## CARNIVAL OPENS WEEK'S STAND HERE

Chester Park and Coney Island rolled into one, presented itself on the show lot back of the Library Monday night, when the K. G. Barkroot shows, opened their week's carnival here for the benefit of the police and firemen's pension fund.

The Barkroot shows represent one of the best looking carnival companies that has played in this city for some time, the concessions being the best and the shows unusually good. Added to the usual features of the merry-go-round on the ferris wheel is the whip, an amusement machine seldom seen with carnival companies. The entire midway, offering its many attractions to the pleasure seeker is lighted with electricity and the shows played to a food business on the opening night.

With the support of local patrons here, the shows will have an excellent week, despite the late season, which is assurance that the five percent bonus which will benefit the police and firemen's pension fund, will be large.

Of special attraction on the grounds is Betty, the alligator girl, one of the most remarkable freaks traveling today. The girl resembles much the reptile she is named after, neither walks nor talks, and sheds an alligator skin twice a year. She was an attraction for many on the opening night.

The most popular girl contest is another feature that is expected to increase in popularity during the week, a diamond ring being offered to the girl securing the most votes. The votes are one penny apiece and the pension fund will receive 25 percent of the proceeds from this fund.

## PAVING WORK NOW NEAR COMPLETION

## BEAUTY CHATS

EDNA KENT FORBES

Even though the summer, officially, is drawing to a close, one shouldn't give up the out-of-doors habits that make the summer a time of re-budding. I think every woman understands that to be beautiful she must be healthy—unless, indeed she was endowed at birth with perfection of form and feature.

Some of my readers are fortunate enough to live in a climate that permits out-of-door life most of the year. But many who live where the winters are severely cold, feel that healthy out-door exercises must cease when the thermometer drops. And in that they are wrong for nothing is better for the health than to be in the keen, clear, cutting air of a cold winter day. It purifies the blood and sends it racing, it makes the eyes bright and, of course, it brings marvelous complexions.

But today's chat is only to serve as a reminder that there are many forms of out-door sport still to be enjoyed. Tennis will give you a quick, accurate eye and a graceful, agile body. Swimming will develop your chest and shoulders and bust and arms, and is one of the best exercises for toning up the whole system. Walking will make you stronger—and will give you more rewards than that of health, if you walk in pretty country places. Indeed, anything that will get you into the open, using your muscles, will add to your good looks—providing always, that you do not exert yourself to the point where you are exhausted. Motoring, horseback riding, driving, golf—even the mild game of croquet—will add to your looks and your stock of good health. The first point is pure, fresh air; the second, exercises of the body.

Grey eyes.—The average weight and height of a girl at 14 years of age would be about 110 pounds for five feet as her height. Individual cases vary, of course as a girl at that age may be growing tall and will be apparently underweight, while she is perfectly healthy. Judgment should

**ASKS TWO THOUSAND DAMAGES IN COURT**

Damages in the sum of \$2000, are asked by L. D. Exline, of Bloomingburg, against Herbert Fisher of Bowersville, in the common pleas court of Fayette county, as the result of an automobile collision on the Jamestown and Xenia pike, the evening of last May 5.

The petition avers that the defendant was driving without lights, and at a high rate of speed. Exline says that his Super-Six Hudson, valued at \$3000, was so badly damaged by the collision with Fisher's Ford touring car that it was in the garage for repairs until July 18. Plaintiff declares that the defendant "carelessly and negligently" ran his car into the plaintiff's machine, causing it to take the ditch and turn over. The plaintiff was cut and bruised, he also declares.

# CANCEL PERFORMANCE OF "RAINBOW GIRL" AT THE FAIRBANKS

Inability to repair damage done by water when a fire started on a reel of film in the Fairbanks Theater, Springfield, Sunday night, in time for Wednesday night's performance of "The Rainbow Girl," has led to the cancellation of that engagement.

It was announced by owners of the theater Monday, that the damage caused by smoke and water from the small fire that resulted Sunday night, would be repaired in time to resume the shows at the theater Monday night. It was found later, however, that it would be impossible to repair the damage in time for the Wednesday night performance and the offering was cancelled.

Many Xenia people will be disappointed in this announcement as many had anticipated seeing Miss Katherine Shoup, daughter of Judge and Mrs. Shoup of this city, who is prima donna with the company, at that time. There were many who did not see the performance in Wilmington last week, who planned attending the offering in Springfield.

It is stated by the management that the show will probably play at the Fairbanks later in the season. Money for tickets sold for the play is being refunded at the box office at the theater.

# HARDING LEADING IN LOCAL, STATE AND NATIONAL VOTE

Senator Harding, Republican presidential candidate, is still leading in the local, state and national votes being conducted by the Rexall drug company, according to figures received at the Sayre & Hemphill drug store.

A count of the ballots in the Xenia store Monday showed that of the men voting, Harding was given 6 votes and Cox 2, that 7 women voted for Harding and 3 for Cox and that a local total of 196 votes for Harding and 54 for Cox have been cast at the Xenia store.

The last count in Ohio as shown in figures at the Xenia store, was taken October 2. The vote in this state on that count was:

	Men	Women	Total
Harding	914	313	2582
Cox	515	168	1252

The national count of votes in the northern, western and middle western states, gives Senator Harding better than a two to one lead over Governor Cox, the Democratic candidate. The vote in these states are 225,985 for Harding and 109,297 for Cox, giving Harding 353 electoral votes and Cox 3.

In the southern states, Harding is given 40,883 popular votes and Cox 69,508, giving Harding 8 electoral

Braised Chops With Herb Garnish—Mince fine the green tops of the scallions, one-half bunch of parsley, six onions, two green peppers, and the coarse outside leaves of the lettuce. Place one-half cup of the shortening in the frying pan and when smoking hot add the herbs and cover closely. Now brown the chops quickly in the frying pan, lift to a sauce pan and add one cup of water and two tomatoes cut in bits. Cover and simmer slowly for fifteen minutes and then lift to small pieces of toast. Cover with herbs and then pour the gravy over all and dust with paprika.

## "JUST A GIRL"

BY JANE PHELPS

**A PROMISE ASKED AND MADE**  
CHAPTER 134  
I had given Frank Claxton my promise that I would not even be engaged to Kenneth Lawrence for six months. I felt a strange lightness, a relief, after I had done this, even though I trembled at what lay before me.

I tried to encourage myself that I never had really been engaged, never really promised to marry Kenneth Lawrence. He had taken everything for granted, and in his whirlwind way had borne me along with him. Yet even so, I very naturally dreaded my coming interview with him.

"Take the rest of the day off, remain at home while this Mr. Lawrence is in town. Learn to know him—to know yourself," Mr. Claxton had said. And I, troubled, uncertain, gladly took him at his word for that day at least.

I went directly to Mary. I would tell her everything, and see what she thought of the entanglement into which I had allowed myself to be drawn simply because of my dreams of an ideal man, whom I really scarcely knew—as Mr. Claxton had said.

How was I going to make this man from the West understand? I felt sure my action was going to be utterly incomprehensible to him. He would probably think of me as a girl who didn't know her own mind, if nothing worse. I couldn't explain that I had allowed myself to be swept on by thoughts that I had had of him for years; that I had been in love with love as typified by these thoughts, rather than in love with him.

"What is it, Zena? Something's happened, I know by your face," Mary exclaimed as I walked into pancake shop, now practically deserted. I had purposely lingered so that I might find her at liberty to talk with me.

"Yes, Mary, something has happened. It is a long story, dear. I wish I had told you much of it long ago. I then told her of my first meeting with Kenneth Lawrence of never having seen or heard of him, but confessed that it had been thoughts of him which had kept me from letting myself think of any other man all the years she had known me, and been with me.

"I always knew there was some one," she interrupted. "But go on."

"Well, you know what has happened now—that he is here, and that he expects me to go back with him."

"Ain't you going? I thought it was all settled, although it most broke my heart, and Tom's too to have you gone so far away from us. So soon after your mother came too."

"No, I am not going—not yet, at any rate."

"I sure am glad! But what made you change your mind?"

Should I tell her of my promise to Frank Claxton? I decided I would not. I felt myself blush as I thought of the construction she—who always had insisted that Mr. Claxton cared for me—would put upon my decision did she know he had influenced me.

"I feel that I don't know him well enough—that he doesn't really know me at all," I explained rather lamely. "You see, Mary, I am not at all like the Zena Stewart he knew so long ago. Then I was gay, full of fun and life. That is the Zena Stewart he thinks he wants for a wife, not this drab Zena whom he has known but two days. So I am going to send him away. I shall not be engaged or anything for six months. Then—perhaps, I don't know—if he feels the same, and I do—I'll marry him. We can write each other, and he can come on occasionally. We'll get to know each other better."

"Did you tell Mr. Claxton you were going away?"

"Yes. But he knows now that I am not—not for a while."

"Um—I don't suppose by any chance you talked things over with him?"

"Nonsense! Don't always hint things, Mary."

I was embarrassed. Mary had at once suspected that Frank Claxton had had something to do with my change of mind. I must be careful that no one else suspected it.

"I'm glad you are going to wait, Zena. I don't believe you care enough for that Lawrence to marry him. If you do, it won't hurt him to wait six months for you. And it won't hurt you either."

"That's the way I feel about it, Mary—now. I'm a coward though. I dread to tell him. He was so sure last night. Hardly wanted to give me a week!"

"Don't bother about him. Think of yourself. It's easy enough getting tied to a man. It's the getting untied that's hard."

Tomorrow—Zena tells Kenneth he must wait.

### Morning to you, Pete!

Who crossed my trail in the hotel this afternoon but "Long Sam" Weaver! Last time I saw Sam to chin to was that night of July 15! when our old 38's clinched the "Rock of the Marne" title! And, I guess you won't forget that night, old glue pot—for everybody was certainly stuck on you!

Sam and I fought the war all over again and dug into our Camel Supplies like it was "free commissary." Saw never will get all done talking about that session when we couldn't wave a hair without getting a close shave—and no cats or smokes! Sam was clear as a bell as to how you located a fresh deck of Camels and passed 'em to our bunch after we had been relieved!

Sam has some song about how good Camels were to him in France—and ever since! That bird has the warble! Why—Camel talk trickles off his tongue like water flows over Pa Smith's mill dam! Pete, old carpet tack, Sam has a head, all right!

"Camels certainly are friendly" was the way Sam put it in his old vigor-vim style! "You know as well as I do," he added, "that no other cigarette has such a mild, mellow body. And, there's no harshness or tiredness of taste in a million Camels. No objectionable odor, no lingering unpleasant aftertaste! So, sum it all up, Shorty, I'll say Camels are the greatest cigarette in the world at any price!"

Headed southeast tonight with Winston-Salem, N.C. my first port of call. Some jump from K.C! Pete, it's Winston-Salem where Camels are made!!! GET ME!

Sincerely Shorty.
